### CC16\_415r

RULE

If your state were to have a budget deficit this year it would have to raise taxes on income and sales or cut spending, such as on education, health care, welfare, and road construction. What would you prefer more, raising taxes or cutting spending? Choose a point along the scale from 100% tax increases (and no spending cuts) to 100% spending cuts (and no tax increases). The point in the middle means that the budget should be balanced with equal amounts of spending cuts and tax increases. If you are not sure, or don't know, please check the 'not sure' box.

min	0
dk	1
max	100
left	All from tax increases
right	All from spending cuts
show_value	1

## Page: implicit\_page\_CC16\_416r

### CC16\_416r

RULE

If the state had to raise taxes, what share of the tax increase should come from increased income taxes and what share from increased sales taxes? Choose a point along the scale from 100% from sales (and none from income) to 100% from income (and none from sales). The point in the middle means that any increase in taxes should come equally from sales and income taxes. If you are not sure, or don't know, please check the 'not sure' box.

min	0
